

51R85S LABEL INSPECTION

The 51R85S provides 360-degree inspection of labeled products, including but not limited to beverages, sauces, and household goods. With a multi-camera inspection at speeds up to 1000 containers/min, this system accurately detects label, labeling errors, and cap integrity to ensure your product best represents itself and your brand on the shelf.

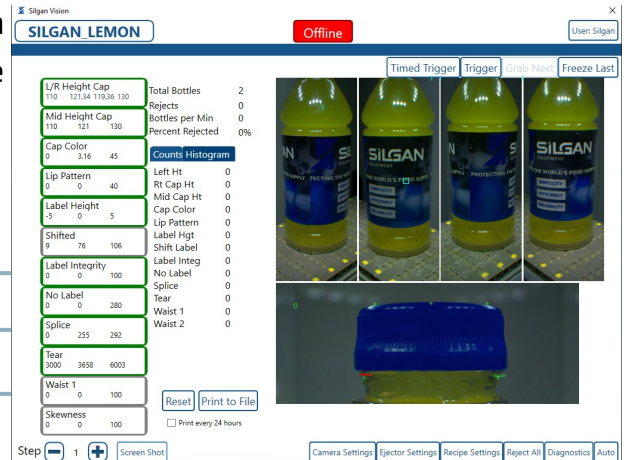

INSPECTIONS INCLUDE:

Label Folds, Tears, Splices, and Incorrect Labels

Spliced and Skewed Labels, Wrong & Missing Labels

Label Height and Other Application Defects

Cap Integrity: Cocked or Missing Caps, Missing Tamper Band

The world's most trusted brands trust Silgan to be their Partner for Innovation

WHY CHOOSE THE SILGAN 51R85S?

Simplicity: Installs easily over existing conveyor, saving valuable floor space. The user interface simplifies changeovers and new job setups.

Efficiency: 100% product inspection prevents defects from going downstream. The proprietary system intelligence prevents poor product runs that result in costly spoilage.

Reliability: The stainless steel, NEMA 4X design, withstands food and beverage plant environments. Our dedicated technical service team is there for all your inspection needs and our optional service agreement program makes it all hassle-free.
