

6R18 STAINLESS STEEL HOPPER

The 6R18 Hopper features an extended cap bin. An air blower is provided to keep the inner drum dry insuring a continuous cap feed. A speed control knob provides easy adjustment of closure output. The hopper can be capper mounted or remotely mounted to suit specific line requirements.

FEATURES:

Stainless Steel Construction

Simple to Use, Refill, and Change Over

Low Noise Operation

Cap Diameters from 27mm to 110mm

The world's most trusted brands trust Silgan to be their Partner for Innovation

WHY CHOOSE THE SILGAN 6R18 SS HOPPER?

Efficient: Large capacity bin reduces refill frequency, inner drum air blower ensures consistent cap feed

Durable: Durable construction

Easy to Use: Simple setup, adjustment, and control, quick and easy cleaning, cap insert allows for easy and quick changeovers.

Speed: Orients caps for smooth high speed delivery

No Hassle: Fully supported by Silgan Equipment capping experts
